

Our Nursing program is renowned for its innovation in nursing education. We are committed to preparing our students for real-life practice in an increasingly challenging, complex healthcare system.

In our state-of-the-art learning environment, classroom and laboratory experiences include integrated simulation, combined with clinical fieldwork in Montreal-area hospitals. Students practice in a wide range of specialties. The hours spent in the clinical setting gradually increase so that, by the third year, students spend much of their time in a hospital setting integrating all that they have learned.

THIS PROGRAM IS FOR YOU IF...

- You care about people and enjoy working with others.
- You are trustworthy and accountable.
- You have good communication and interpersonal skills.
- You have good observation and problem solving skills.

WHAT DISTINGUISHES THE PROGRAM OFFERED AT JAC FROM OTHERS LIKE IT?

- Award-winning simulation program
- Well established tutoring programs to promote student success in the clinical and academic environments:
 - Nursing peer tutoring
 - Biology tutoring
 - French clinical mentorship
- Diverse clinical and community Nursing placements and experiences:
 - Health Caravan – provides health and social services to anglophones living in isolated regions of the province
 - Regional internships – clinical stages in the remote regions of Québec

THIS PROGRAM HAS SPECIFIC REQUIREMENTS:

Before beginning their first-semester clinical placement, nursing students **MUST** complete the following requirements:

- Submit an Immunization Record, including all vaccinations and related testing required for nursing students.
- Obtain Basic Life Support (BLS) and First Aid certification for Health Care Providers (HCP).
- Complete the N95 mask fit test
- Register with the provincial regulatory body, the Ordre des infirmières et infirmiers du Québec (OIIQ).
- Undergo a criminal background check, which will be conducted by the individual clinical placement hospitals to verify that the student does not have a criminal record.

All graduates must pass the *Ordre des infirmières et infirmiers du Québec* (OIIQ) licensing exam and meet the *Office québécois de la langue française* (OQLF) requirements to practice in Québec.

WHERE NURSING CAN TAKE YOU!

The health care sector is actively searching for qualified candidates; job prospects are excellent. Graduates work in many healthcare settings, such as acute or chronic hospitals, rehabilitation centres, clinics and more.

Graduates of the program are expected to have the knowledge and abilities to practice nursing in a rapidly changing health care system, in a manner that is professional, ethical, caring and competent. They will function as collaborative members of the health care team, in accordance with the Québec Nurses Act.

CEGEP-UNIVERSITY INTEGRATED NURSING PROGRAM (DEC-BN)

This five-year Integrated Nursing program is an opportunity for eligible graduates of the DEC program to complete a bachelor's degree in two years. The program builds on the college foundation and streamlines the university component.

Each program leading to a Diplôme d'études collégiales (DEC) is made up of two components: program specific **CONCENTRATION** courses and **GENERAL EDUCATION** courses.

CONCENTRATION courses are those courses directly related to the DEC program.

GENERAL EDUCATION courses, English, French, Humanities, Physical Education and Complementary courses, are taken by all students regardless of their program.

Placement in the language courses is determined by the Admissions Office. More information is available on the website at johnabbott.qc.ca/getstarted/placement-testing/

Students in all programs are required to complete courses in or of French (total of 5).
